Operational temperature	From - 20°C to + 80°C
Dimensions (W x H x D)	120 x 175 x 57 mm
Weight	240 gr

3. NOTES FOR A CORRECT INSTALLATION

The cover unit must be installed between the wall and the Doorphone to protect. Please also refer to the Doorphone manual of the unit that you are installing, for details and explanation on how to fix the arrival of the connecting cables to the system.

Use the original drilling template drawing found in the package and then proceed to the preparation of the wall to fix the rain shield and Doorphone system to be installed. On the drilling template are indicated the fixing holes and the one used for wiring cables.
